Dear Sir/Ma,

At Sytiamo, we are a committed team devoted to transforming our communities through micro-credit to women at the bottom of the economic pyramid. We exist to elevate women at the bottom of the economic pyramid through micro-credit.

While we have made great strides in our effort to elevate women at the bottom of the economic pyramid, we still have a lot to accomplish.

We need your involvement to continue and excel greatly in our mission. Therefore, we would like you to consider investing in our current funds raise. We are constantly getting requests for quick credit from our target audience (Market Women) and the demand keeps coming up with insufficient supply to meet these monetary requirements which they pay back at our set interest rate. Your investment would go towards providing available credit to these market women and female-owned enterprises.

Attached is a brochure, please do not hesitate to contact us. We are more than excited to provide you with additional information about how you can get involved. If you wish to follow up on investment steps, visit us at **invest.sytiamo.com** or give us a call at (+234) 816 010 4387.

We greatly appreciate your audience and look forward to a long-lasting relationship with you.

Sincerely,

Michael Ogbaa
